MacroGenics to Present at the 36th Annual J.P. Morgan Healthcare Conference

ROCKVILLE, MD, Jan. 04, 2018 (GLOBE NEWSWIRE) --

MacroGenics, Inc. (Nasdaq: MGNX), a clinical-stage biopharmaceutical company focused on discovering and developing innovative monoclonal antibody-based therapeutics for the treatment of cancer, as well as autoimmune disorders and infectious diseases, today announced that Scott Koenig, M.D., Ph.D., President and Chief Executive Officer, will present at the 36th Annual J.P. Morgan Healthcare Conference in San Francisco on Jan. 11, 2018 at 11:00 a.m. PT (2:00 p.m. ET).

A webcast of MacroGenics' presentation may be accessed under "Events & Presentations" in the Investor Relations section of the Company's website at <http://ir.macrogenics.com/events.cfm>. The Company will maintain an archived replay of the webcast on its website for 30 days after the conference.

About MacroGenics, Inc.

MacroGenics is a clinical-stage biopharmaceutical company focused on discovering and developing innovative monoclonal antibody-based therapeutics for the treatment of cancer, as well as autoimmune disorders and infectious diseases. The company generates its pipeline of product candidates primarily from its proprietary suite of next-generation antibody-based technology platforms. The combination of MacroGenics' technology platforms and protein engineering expertise has allowed the Company to generate promising product candidates and enter into several strategic collaborations with global pharmaceutical and biotechnology companies. For more information, please see the Company's website at www.macrogenics.com. MacroGenics, the MacroGenics logo, and DART are trademarks or registered trademarks of MacroGenics, Inc.
